Pepin Co. 4-H T-Shirt Day SATURDAY AUG. 2

Wear ANY 4-H t-shirt and win a prize!

4-H staff will be walking around the fairgrounds on Saturday looking for you in your 4-H shirt!

Every month we will hide a special symbol somewhere in that month's Pacer. If you are the first person to call (715) 672-5214 or email (gwen.prom@wisc.edu) the Extension Pepin County and tell us where that symbol is found you will win \$5 and be named in next month's Pepin Pacer as the "4-H Fast Finder".

Good Luck Hunting!

This is this month's symbol :

"The University of Wisconsin-Madison Division of Extension provides equal opportunities in employment and programming in compliance with state and federal law. You may request an interpreter, materials in an alternative language or format, or other services to make programming more accessible, by contacting our office several weeks prior to the event date if possible. There's no added cost to you for these services."

 - b. What are you most proud of and why?
6. Parent and/or 4-H Club Leader Statements – Please have your parent and/or 4-H Club Leader write a few sentence about their thought of your 4-H journey this year. The statement should be signed by the Parent or 4-H Club Leader.

The Wisconsin 4-H Shooting Sports program provides youth in shooting sports the opportunity to develop life skills and practice safety procedures, while having fun and making new friends. Adults find that shooting sports leadership and instructor roles can be extremely rewarding. Families are invited to explore the shooting sports opportunities at the county, state and national levels. Families can learn much more about shooting sports at our web pages by clicking here: [Explore 4-H Shooting Sports.](#)

State 4-H Invitational Shooting Sports “Fun Shoots”

All 4-H Shooting Sports members participating in their county shooting sports training program are eligible to register and compete in the annual statewide events which start in March and end by August. Junior, Intermediate and Senior divisions are offered at all events. For families new to these fun shoots, each shoot has a contact person for your questions, or you can contact [Doug-las.Thompson@wisc.edu](mailto:Douglas.Thompson@wisc.edu).

New families are encouraged to have their shooting sports 4-H members participate, or come and observe and ask questions. These events are very family friendly so be sure to bring grandparents too. There are even a few youth/adult team events. Click [Events](#) for dates and locations. Scores from older 4-H members are considered for team eligibility at the National Championships in June the following year at Grand Island, Nebraska. Visit: [National Information](#).

Adult Certification Workshop Set for Saturday, September 13, 2025

Marshfield is the annual fall location for volunteers to attend a certification workshop. Your county 4-H Shooting Sports program always welcomes adults to get involved in teaching shooting sports. Ask your county 4-H Educator or the 4-H Shooting Sports leaders in your county about becoming a certified instructor. For 2026 a February certification will be offered at West Bend, with spring certification workshops scheduled for Eau Claire and Green Bay. Registration for September 13 is now open. Click [certification workshops](#) for details on upcoming trainings when those dates become available.

REMINDER

For Adults Participating In the County Fair

Kids are watching you today.
They are learning from your words
and examples.

Winning is NOT the most important thing
that happens at this event.

Focus on their efforts, not the outcomes.

Focus on the youth, not the ribbons or
awards.

No matter what the exhibitor's project is,
the focus of the volunteer, parent, or guardian
should be on the YOUTH.

What Kids Need to Know About Fair Judging

You have worked really hard on a project and done your very best. You enter items in the fair and eagerly wait to find out what the judge thinks of your efforts. Sometimes it's good news; sometimes it's disappointing. Watching the judging process should give you an idea of what you should keep on doing and where you might improve. Exhibitors, parents and others are encouraged to watch the judging. However, please do not interfere with the judge or department workers. A good judge will take the time to explain why he/she is placing a grouping in that order. If you still have questions about the judging, wait until the judge is through and then ask politely if he/she could explain a little further. Remember though, the judge's decision is final.

There are four types of judging that take place at the Fair:

Danish Judging is used for most departments and classes in the junior division. All the entries in one lot are arranged together so the judge can decide what placing to give them. Each of the entries will get a placing, but there is a limit to the number of blue, red and white ribbons that can be given. Please refer to Chapter ATCP 160.91, subchapter V - Judging regulations, for an explanation that states how many placings the judge can give in a class.

Regular Judging is used in all open classes and in a few classes in the junior division. This means that only four placings can be given in each lot number (1 blue, 1 red, 1 white and 1 pink). If there were more than four entries, the other entries would not receive a placing.

Conference Judging means that the entire group of exhibitors for a specific lot meets with the judge, and the judge briefly discusses each exhibit with exhibitors. The judge will place each exhibit comparing it to the standard of perfection and the quality of the other exhibits according to the Danish system.

Face-to-face Judging means that the exhibitor must be present at the time of judging and talk to the judge about his/her entry. This system is used for the Cloverbud and Exploring departments, and is designed to make the judging experience a positive learning experience for the young exhibitor.

***Remember**, the most important thing is how *YOU* feel about your project and what you have learned. If you did your best, you can be proud of yourself and the experience you gained!

"Let the sunshine of August
inspire you to shine your
brightest." – Unknown

Youth who join 4-H are often excited about the many, many projects they can choose to explore. There are so many Sparks (or things they want to learn about)! Yet, if their Spark doesn't have a local project leader to support their learning, that excitement can turn to questions. They may not know how to get started on their own. Clover to the rescue!! Clover is an online smorgasbord of sparks, interactive activities, and fun. It was created by the National 4-H Council in collaboration with more than 100 universities throughout the United States. And it's FREE and ready for youth, parents, and educators to dive into. **Go to 4-h.org/clover**
